

ETCS/OLS Academic Leadership Committee
Meeting at 12
9:00 a.m. - 10:00 a.m. in ET 206
March 14, 2006

Present: Hal Broberg, Mary Jane Casiano, Coleen DeLong, Carol Dostal, David Erbach, Paul Lin, Kim McDonald, Ken Modesitt, Ken Perry, Carlos Pomalaza-Raez, Gerard Voland

Absent: Sarah Merchant

Guest: Susan Hannah

Dr. Hannah joined the committee for an open Question & Answer session. She announced that the BS in Interior Design was approved by ICHE. Some questions were about the AS and BS degrees and articulation agreements with IVYTech. There was some discussion on this year's merit and equity increments.

ALC February 21, 2006 minutes were approved.

Announcements: Everyone is invited to the dedication of the Center of Excellence for Industrial Innovation and Design which will be on Monday, March 20 at 11:00 a.m. with an open house immediately following.

'Round-the-table:

Ken P.: Will be interviewing IET candidates on campus (one Friday and two next week).

Coleen: Will be sending out spreadsheets for increments by the end of the week - they are due Monday. Gerard will send the guidelines to Coleen. Gerard will send out the CUPA data.

Paul: Hal has arranged the interviewing for the ECET candidates. There will be two next week (one turned down the offer). They will be contacting the alternate. Program Enhancement activity approach is continuing.

David: Lubomir Stanchev and David Liu received Summer Faculty Grant awards. David just found out that Bob Sedlmeyer received a statewide award in teaching. David asked if the pump work was completed. Gerard will find out.

Kim: Received their Master's brochures.

Carlos: Had several phone interviews last week. Full draft of response to ABET will be circulated amongst the faculty. Carlos will send final draft to Gerard (the deadline is next week)

Carol: Future City Huntington team went to nationals - they were 8th out of 32. The team also won the special award for the Best Manufacturing Supply Chains. Next year's sponsor will be IEEE and the theme will be electrical engineering. Science and Engineering Fair will be Saturday (there will be 290 students). The SPICE brochures are going to be inserted into packets. If you have flyers or brochures like for GLO you'd like inserted, let Carol know. The INSITE Program along with Multicultural Services will have a high school challenge at Science Central. David Devine will introduce them to bridge designs. There will be another event in May (the plan is to do five next year.)

Ken M.: MIET chair search phone interview today. They did three last week.

Hal: Suining Ding received a PRF Summer Research Grant. TSS SchoolDude Training will be on Friday. TSS will use this system for work orders within our building like the Physical Plant does for requests. Hal will email faculty when this process will be in place.

Mary Jane: The scholarship recommendations are due Friday, March 17. Gerard will let Carlos know about the Northrop Grumman scholarships.

TechTalk Newsletter was distributed to the members by Ken M.

Next meeting will be on Tuesday, March 28, 2006 at 9:00 am in **ET 351**.

Respectfully submitted,
Mary Jane Casiano, Secretary
