Late submissions are allowed but incur a 5 pt. deduction for SIM City layout and 5 pt deduction for late Team Registration.

Reminder: City name cannot be changed after these submissions so have the team pick one they like!

Question: Should we register if we are working on the project but still have problems with the engineer-mentor (still looking for help...please let me know this by writing that in the team registration...or the mentor dropped out...please let me know this also)

Answer: Yes, still register

Question: Can we change the name of the kids after this registration?

Answer: Yes, up to January 13

We allow this in case of emergency "drops" from kids who cannot attend the event while an alternate steps in for them. Please make sure your teams' parents know about this event!
